Jiheng Chemical

- Provides strong technical and talent resources to process and make chlor-alkali and industrial water treatment businesses.
- Main products: sodium hydroxide 50,000 tons, caustic soda 60,000 tons, anhydrous ammonia 150,000 tons, TOC 60,000 tons.
- Companies in manufacturing chlorine seawater for 30 years, wardrobe 16 patents, including invention patents and utility model patents.
- Jiheng Chemical lead the national water treatment chemicals "DODI" standard for industry chemical, and "HQIR" brand for seawater in North America. Jiheng Chemical is the largest manufacturer in chlorine disinfectant.
- Jiheng Chemical is one of the leading water treatment chemicals manufacturers in China, with a strong market position and large production capacity.
- Jiheng Chemical has a workforce of over 1,300 employees, all of whom are highly skilled and dedicated to the company's success.
- Jiheng Chemical is a member of the National Chlorine Association and the American Water Works Association.
- Jiheng Chemical is committed to protecting the environment and has implemented various measures to reduce its carbon footprint.
- Jiheng Chemical is dedicated to providing high-quality products and services to its customers, and it is committed to maintaining long-term partnerships with them.
- Jiheng Chemical is headquartered in Zaozhuang, China, and it has branches and offices throughout the country.
- Jiheng Chemical is a leader in the chlor-alkali and water treatment chemicals industry, and it is poised for continued growth and success in the future.

Cyanuric acid

- CAS: 108-86-2
- Molecular Formula: C₃N₄O₃
- Density: 1.56 g/cm³
- Appearance: White powder

Specifications:
- USP: Complies
- FCC: Complies

Fizzy tablets

- Sizes: 0.1g, 0.3g, 0.5g, 1g, 2g, 3g, 5g, 10g, 20g...
- Appearance: White tablets

Specifications:
- USP: Complies
- FCC: Complies

Package

- Image of packaging options

Specifications:
- Sizes: 1kg, 2kg, 5kg, 10kg, 20kg, 50kg, 100kg, 200kg
- Stacking: Compliant
- Storage: Temperature: 0-30°C
**DAILY USE DISINFECTANT**

**Sosun series**

**Product Features**
- **Lavender:** Natural essential oils, soothing and refreshing scent.
- **Tea Tree:** Antiseptic and antifungal properties.
- **Lemon:** Fresh and crisp aroma, natural cleaning power.
- **Grapefruit:** Energizing and detoxifying.

**Main Ingredients**
- **Formaldehyde-free:** Suitable for sensitive skin.
- **Hypoallergenic:** Gentle on all skin types.
- **Antiviral:** Effective against viruses and bacteria.

**Applications**
- **Home:** Disinfecting surfaces, destroying germs, and maintaining hygiene.
- **Office:** Enhancing air quality, reducing allergens, and promoting focus.
- **School:** Disinfecting educational materials, maintaining a safe learning environment.
- **Hospital:** Sterilizing medical equipment, reducing infections, and ensuring patient safety.
- **Restaurant:** Disinfecting kitchen surfaces, preventing foodborne illness, and enhancing food safety.
- **Car:** Eliminating odors, reducing allergens, and creating a fresh environment.
